

# CLAMS 2008 Spring Conference March 6 - 7, 2008

**Spokane Community College  
1810 N. Greene St.  
Spokane, Washington**

## "Gadgets Are Your Library's Future? Prove it!"

**Presenter, Thursday afternoon**

**Michael Porter, *Community Product Manager, WebJunction.org***

This fun and dynamic presentation will examine libraries and library services through a "gadgety" lens. The past, present and future trends of gadgets will be traced as will our own individual use of gadgets. Can libraries use gadgets and their impending ubiquity more effectively? Be sure to bring your own favorite gadget to show with the group!

*Michael Porter is a librarian, trainer, technology fan and PEZ collector. He has worked in Libraryland since 1990 and holds an MLS from Indiana University ('99). His work experience includes time with OCLC Western, the Bill & Melinda Gates Foundation U.S. Library Program and the Allen County Public Library in Fort Wayne, IN. Michael's professional focus is on technology, community and training. He co-authors the "Internet Spotlight" column in Public Libraries magazine and is currently working on a book about effective electronic community for ALA Editions. Check out his website at [www.libraryman.com](http://www.libraryman.com)*

# Washington's Statewide Catalog

**Presenter, Friday morning**

**Will Stuivenga, *Project Manager, Statewide Database Licensing, Washington State Library***

Get the latest information on Washington's new statewide catalog, which will be available soon -- possibly before this meeting. As project manager, Will plans to present a status report, as well as a demonstration of the catalog. This will be an opportunity to ask questions and provide feedback on the future direction of the project.

**Friday late morning**

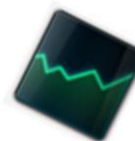

## ***Distance Learning Tutorials & Learning Objects***

Kitty Mackey of Clark College and Nancy Coffey of Spokane Community College will be among those who will be demonstrating some of the projects they have been working on.

*CLAMS members who have tutorials or learning objects they would like to share are encouraged to contact Barbara Oldham ([barbarao@spokanefalls.edu](mailto:barbarao@spokanefalls.edu)) or Nancy Coffey ([ncoffey@scc.spokane.edu](mailto:ncoffey@scc.spokane.edu)) for arrangements.*

## **Acknowledgements**

*Thanks are due to many people... to Will Stuivenga for his willingness to present; the Executive Board, I couldn't have done it without their help and advice; and last but not least, Nancy Coffey and Linda Keys, our wonderful hosts at Spokane Community College, whose hard work made this conference possible.*
